Spokane International Airport New Aircraft Rescue Fire Fighting (ARFF) Facility Project #12-10

The Spokane Airport Board is requesting Statements of Qualification (SOQ) from qualified consulting firms for engineering services pertaining to the Spokane International Airport New Aircraft Rescue Fire Fighting (ARFF) Facility.

Project scope will include providing architectural, civil engineering, electrical engineering, mechanical engineering and all other necessary services to provide for the design and construction management of the Spokane International Airport New Aircraft Rescue Fire Fighting (ARFF) Facility Project. Funding is anticipated through the Federal Aviation Administration - Airport Improvement Program (AIP).

Statements of Qualification will be received by the Spokane Airport Board, Spokane International Airport, 9000 West Airport Drive, Spokane, #204, WA 99224 until 2:00 p.m., January 31, 2012. The selection of the successful firm will be based on the submitted Statements of Qualifications or the Airport may also choose to do interviews.

A non-mandatory project information meeting will be held in the Board Room at the Spokane International Airport at 10:00 a.m. on Thursday, January 19, 2012.

The Request for Qualifications is posted on the Spokane Airports website at www.siaplanroom.com/public.php and www.spokaneairports.net/rfp.htm or you may contact Crystal Lewis, Project Coordinator at the Spokane International Airport Engineering Office, at (509) 455-6414 or e-mail at clewis@spokaneairports.net.

The Spokane Airport Board is an equal opportunity employer and encourages the use of small businesses, DBE, MBE or WBE participation.

Dated this 8th day of January, 2012.
